MEDICINAL.

Out of Plumb.

When the wall is out of plumb the building is more or less unsafe, and the higher the wall is carried out of the perpendicular the greater the danger of collapse. It is about so with the health; it is out of plumb when the digestion is impaired, when there is a dull, sluggish feeling, with nervousness, irritability and sleeplessness. Every day that these symptoms are neglected increases the liability to physical collapse.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It purifies the blood and cures nervousness, irritability and sleeplessness by curing the diseases in which they originate.

"For three years I suffered untold agony," writes Mrs. H. E. White, of Stamford, Connecticut. "I would have spells of trembling and being sick at my stomach, pain in right side all the time; then it would work up into my stomach and such distress it is impossible to describe. I wrote to the World's Dispensary Medical Association, stating my case to them, and they very promptly answered and told me what to do. I took eight bottles of Dr. Pierce's Golden Medical Discovery and five vials of Dr. Pierce's Pleasant Pellets. Thanks to Dr. Pierce and his medicine I am a well woman today. Dr. Pierce's medicines also cured my mother of liver complaint from which she has been a sufferer for fifteen years. We highly recommend these medicines to all suffering people."

The People's Common Sense Medical Adviser, a book containing 1008 pages, is given away. Send 21 one-cent stamps for expense of mailing only, for the book in paper cover, or 31 stamps for the volume bound in cloth. Address Dr. R. V. Pierce, Buffalo, N. Y.

CRED REVISERS FINISH.

The Presbyterian creed revision committee completed its labors in Washington yesterday and adjourned.

The committee agreed unanimously upon a report to be made to the General Assembly, which meets in New York on May 15.

The members received in the report to be made to the assembly, but the final report, an authorized statement, was unanimous and hearty. The differences referred entirely to the question of phraseology and do not apply to that of principle or doctrine. As finally determined upon this brief statement is to contain 16 articles, as follows:

1. God; 2. Revelation; 3. Divine Purpose; 4. The Creation; 5. The Sin of Man; 6. The Grace of God; 7. Election; 8. Our Lord Jesus Christ; 9. Faith and Repentance; 10. Holy Spirit; 11. The New Birth and the New Life; 12. The Resurrection and the Life to Come; 13. The Law of God; 14. The Church and Sacraments; 15. The Last Judgment; 16. Christian Service and the Final Triumph.

The committee also was charged with the work of the revision of the Confession of Faith by the preparation of a declaratory statement defining the meaning of certain portions of the confession.

This feature of its labors had been completed at previous sessions and finally reviewed and unanimously agreed upon.

The declaratory statement deals with chapters 3 and 10 of the confession, the former relating to the eternal decrees of God and the latter known as the elect; it also deals with that portion of the confession relating to great works, which was revised by a committee in the text. That concerning the Pope of Rome clause will be dropped from the confession.

REVENGE BY NEGROES.—The attempt to assassinate by four white tramps upon two young colored women precipitated a short but fierce riot yesterday near the Suffolk, Va., Peanut Company's plant. The cries of the women brought to the rescue a negro fireman, who was set upon with clubs and nearly killed, when President King, of the Peanut Company, called out the negro male employees. The men came with pitchforks, blades, and bricks. The whites were badly worsted. One rolled into a ditch as it died, but was resuscitated. To save the tramps' lives the officials call off the negroes, who arrested three of the bleeding hoboes and held them for the police. President King, who was bloody from contact with a flying brick, says his fireman may die. The fourth tramp was shot at and pursued by the police and a posse with bloodhounds into the Dismal Swamp depths. Once he submerged himself in water to escape a canal boat and finally reached a small boat and escaped toward Lake Drummond. Dora Phillips, wife of one of the tramps, when arrested, had a pistol and pass book, showing \$100 deposited in a Richmond savings bank. Local sentiment is strongly with the negroes, who would have been held blameless if the tramps had been killed. Those in prison say they are John Dolan, George Phillips, and John H. Walker.

MACABEE ATROCITIES.—It is said that officials reports have been received at the War Department showing that Macabees scouts under the command of American officers have committed atrocities in the Philippine Islands. Because these reports were not specifically called for they have not been transmitted to the Senate committee on the Philippines. They are said to be even more sensational than the charges already made public. One instance which was sighted yesterday was to this effect: A detachment of Macabees desiring to obtain information in regard to the whereabouts of a body of natives, seized a woman and demanded that she should disclose their position. The woman failing to comply with the demand, the "water cure" was employed. This was ineffectual, and then some of the men jumped on the woman, who lay on the ground, the water exuding from her lips. From what can be learned, the Macabees are said to be the most savage in their treatment of natives, displaying barbarous methods not only in dealing with Filipinos but of their tribe, but with their own people. There are 39 companies of Filipino scouts, 10 of which are Macabees, numbering about 500 men. All of the Macabees are stationed in the Island of Luzon.

AFTER COL. YEATMAN'S ESTATE.—Something of a surprise was sprung at the City Hall in Washington yesterday when Attorney James M. Green, for Miss Nellie Farley, began proceedings against William B. and Arthur B. Yeatman, Mrs. Florence May Berthou, of Forest Glen, Md., and Mrs. Edith M. Leconte, children of the late Col. William S. Yeatman, disbursing officer of the War Department, to compel the specific performance of the terms of an alleged testament of the deceased, Col. Yeatman died suddenly in a hotel at

BUFFALO LITHIA WATER

The Great Solvent and Eliminator of URIC ACID and other POISONS

Its Value in Gout, Rheumatism, etc.

Hunter McGuire, M. D., LL. D., late President and Professor of Clinical Surgery, University College of Medicine, Richmond, Va., and President American Medical Association, says: "BUFFALO LITHIA WATER, a liniment, is invaluable in Uric Acid Gravel, and, indeed, in diseases generally dependent upon a Uric Acid Diathesis. It is a remedy of extraordinary potency. I have prescribed it in cases of Rheumatic Gout, which had resisted the ordinary remedies, with wonderfully good results. I have used it also in my own case, being a great sufferer from this malady, and have derived more benefit from it than from any other remedy, and I will add that I prescribe this water ten times where I prescribe any other one."

James K. Crook, A. M., M. D., Adjunct Professor of Clinical Medicine and Physical Diagnosis of the New York Post-Graduate Medical School (see "Mineral Waters of the World," by him): "BUFFALO LITHIA WATER" has gained a wide reputation in the treatment of Uric Acid Diathesis, Gout, Rheumatism, Renal Calculus, Stone in the Bladder and Gastro-Intestinal Disorders."

BUFFALO LITHIA WATER is for sale by Grocers and Druggists generally. Testimonials which defy all imputation or question sent to any address.

Hotel at Springs opens June 1st, 1902.

PROPRIETOR BUFFALO LITHIA SPRINGS, VIRGINIA.

York, Pa., April 20, 1901. His papers were locked in the safe in his office at the War Department. No will was discovered. Miss Farley alleges that she met Col. Yeatman about January 1, 1893, and that he had declared his intention to her, in the presence of others, to execute a will leaving all his property to her; that he afterward declared he had executed such a will, and that not later than a week prior to his death he referred to their alleged agreement. Col. Yeatman left personal property valued at \$20,000 and considerable real estate. Miss Farley asks the court to compel the performance of the alleged contract and to restrain the administrator, Martin R. Thorp, from disposing of any of the property.

EXPOSURE OF GAMBLERS.—Clashes between political leaders in Norfolk are almost of daily occurrence. The reform crusade of the "good government" faction has made many enemies, while political friends and enemies, and cases in the Police Court are of frequent occurrence. E. T. Thomas, a prominent reformer, yesterday had W. D. Southall, a well-known politician, arrested on the charge of threatening to kill, and the case will come up for trial today. The gamblers and saloon men are out the quiet for development and hardly know what to do. Many reforming gamblers have been deserted and their proprietors have given up the business and left Norfolk for other fields. The gambling house exposure continues daily and very few of the many poker rooms in Norfolk are now in operation.

A Valuable Medicine For Coughs and Colds in Children.

"I have not the slightest hesitancy in recommending Chamberlain's Cough Remedy to all who are suffering from coughs or colds," says Chas. M. Greiner, Esq., a well known watch maker, of Colombo, Ceylon. "It has been some two years since the City Dispensary first called my attention to this valuable medicine and I have repeatedly used it and it has always been beneficial. It has cured me quickly of all chest colds. It is especially effective for children and it seldom takes more than one bottle to cure them of hoarseness. I have persuaded many to try this valuable medicine, and they are all well pleased as myself over the results."
